

Bailey Donovan's glass art shines with ENTTEC PXL Dots.

'Incandescent'
Illuminate City
Lights 2024,
Adelaide Australia

Vibrant pastel wonderland

Donovan is a South Australian Artist who draws inspiration from the playful colors and shapes of candy to create a truly unique experience. Incandescent features over 40 handmade pieces, creating a vibrant pastel wonderland that

lights up the University of
Adelaide's Fig Tree Lawns.

Product highlight

LED Neon Flex

A huge hit at the recent IAAPA expo in Amsterdam, ENTTEC's Neon Flex LED strip is the ultimate lighting solution for smooth, vibrant illumination in any environment.

Whether you're enhancing outdoor architecture or creating stunning indoor designs, this durable and flexible strip is built to shine, even in the toughest conditions.

With its advanced silicone construction, the Neon Flex delivers consistent, bright light, effortlessly bending either horizontally or vertically around corners or shapes to bring your vision to life. Available in a range of colours and fully compatible with popular control systems, it's perfect for making buildings pop, crafting eye-catching signs, or unleashing your creativity.

Ready to elevate your next project?

Discover more about the Neon Flex LED strip and how we can help turn your ideas into reality by clicking below:
